Vacations are over!

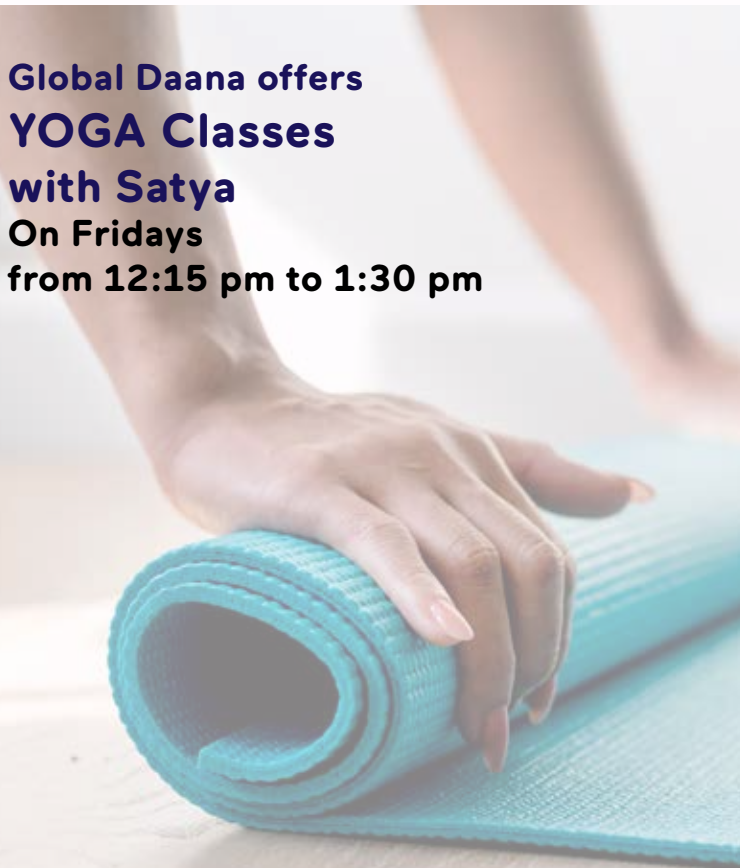

"The most beautiful things have an end, the sweetest moments do not last forever."
Is this true?

Why not find the beauty of life in simple things like the eyes of a child, the scent of a flower, breathing on the river, the smiles of children in the schoolyard!

I invite you to fill your senses with all the little actions of everyday life, with the novelties of your back to school or in your return to work. Take the time to savor the time!
Take the time to enjoy new challenges!
Take the time to enjoy new family experiences!
At CMR new challenges inspire us to appreciate our mission, enrich our knowledge and improve our services.
Happy new year of activities 2018-2019!
